

>2021 Business Plan

Dog and Cat Management Board

The Dog and Cat Management Board has developed a new five year strategic plan (2020-2025).

The strategic plan supports the Board to execute its functions under the Act and realise its investment in the Dogs and Cats Online (DACO) system. DACO provides opportunities to improve dog and cat management by centralising data collection and analysis. This work supports the Board's education and communication programs and contributes evidence to policy advice and further legislative reform.

This annual business plan identifies priority actions that deliver on the strategic plan. The 2021-22 business plan also reports on progress achieved in the first year of the strategic plan. These accomplishments occurred during the COVID-19 disrupted year that was 2020.
