

Marine Explorer

# Leafy Sea Dragon

Government  
of South Australia  
Department for  
Environment and Water

*Phycodurus eques*

**Did you know?**  
That male leafy seadragons hold their eggs on their tails?

Why are leafy sea dragons important to South Australia?

---

---

---

What is one cool fact you know about leafy sea dragons?

---

---

---

What is something else you might find living in a marine park?

---

---

---

Remember to collect at least three bits of rubbish when you're at the beach. How far do you think the rubbish has travelled?
